

## TRANSFORMATIONAL LEADERSHIP

The **Transformational Leadership Program** is hosted by the Greater Wausau Chamber of Commerce. As a participant, you will be work closely with a dynamic mix of diverse leaders from the Central Wisconsin Area, a rare opportunity to develop your own personal leader competencies and network with other individuals who are interested in doing the same.

You will also:

- Build an arsenal of personal growth strategies to create and inspire positive changes in you, your organization, and our community.
- Create an opportunity for you to connect with other like-minded leaders who provide support, encouragement, and a different perspective.
- Create awareness among our leaders, both emerging leaders and seasoned leaders about the rich history of our area, its founders, and the impact each of us have on those around us for the many generations to come.

As an Executive Coach and Facilitator over the past 25 years, I have watched hundreds of individuals experience tremendous growth in their personal and professional lives. They all had one common denominator. They were willing to accept personal responsibility for their own growth and understood that they learned from everyone around them, not just the facilitator or local business leaders, but the other participants, their co-workers, and organizational leaders. I challenge you to be open to learning in a way that you have never experienced before.

Bridget Wenman

Transformational Leadership - Program Facilitator
